

A JEWELLERY MAKING DAY EXPERIENCE

MAKE YOUR OWN RING

Experience all the steps required to make your own sterling silver ring in this hands-on workshop.

Roberto Buchanan
SAN MIGUEL DE ALLENDE

Join me in my studio surrounded by nature in San Miguel de Allende countryside for a ring making workshop and I'll help you create something completely unique to take home at the end of the workshop.

WHAT WILL I LEARN?

- Basic theories and essential techniques of jewelry making, through the creation of your sterling silver ring (just metal, no gems or stones).
- How to plan a jewelry project from the beginning to end.
- Safe practices and correct use of the basic tools and machines of a jewelry studio.
- Self expression through metal jewelry making.
- Metal alchemy.

CONTENTS

METALS

Metal properties. Alloys. Surface formulas.

THE MELTING POT

Preparing the melting pot and melting of the metal.
